

“Together, We are Champions”

USD 237
Announcement

Oct. 15, 2021

Dear USD 237 Shareholders,

The providers, health department, and administration have been monitoring the current Covid circumstances in our community and Smith Center Schools. Due to current exposures in the high school and grade school, USD 237 students and staff will be required to wear masks, in school and in vehicles, beginning Monday, October 18 through Friday, October 22, 2021. Vaccinated students and staff have the option of not wearing masks. The situation will be evaluated next week to determine if the mask requirement will need to be extended.

Thank you for your continued cooperation and support of safe learning and working environments for all students and staff and our priority to safely provide in-person instruction for the 2021-2022 school year.

If you have questions, please contact the USD 237 Board of Education Office or the administration of your child's school.

Sincerely,

Dustin McEwen
Superintendent of Schools
