

August 2022

Dear PreK and Kindergarten parents:

Students entering PreK and Kindergarten need to have an Ages & Stages questionnaire completed by their parents as part of requirements set forth by the State of Kansas. This is a new questionnaire required by the state for the purpose of collecting information about how we can help support our students. Each child will need to have the ASQ-3 and ASQ-2 completed by September 1, 2022.

The link is: <https://www.asqonline.com/family/03aa15>

Once on the page, choose: I am completing both the ASQ-3™ and ASQ:SE-2™ questionnaires.

You can also find the links on our school facebook (USD 237 Smith Center Schools) and also on our school webpage (www.usd237.org).

If you need help completing this requirement or would like to use a school computer to complete the ASQ, please contact the elementary office at 785-282-6614. We would be happy to assist you. Thank you for your help with this requirement.

In Education,

Michelle R. Stamm
